# THE AMERICAN EDUCATIONAL CATALOGUE FOR 1893. [PUBLISHERS' PRICES.]

**NOTICE.**—In this Catalogue only prices made by publishers themselves are given—retail, *if* retail, in first column; “net” (wholesale), *if* “net,” in second column; where a “mailing” percentage is specified by the publisher, the “mailing price” is given in the retail column marked with an asterisk (\*), in addition to the wholesale price. When price-columns are left blank, the publisher failed, on application, to furnish price. A double asterisk (\*\*) in price-columns designates books forthcoming. New books, issued since the publication of the Catalogue of 1892, are designated by a single asterisk (\*) before title.

**In comparing prices or ordering at retail, private buyers should bear in mind that a percentage must be added to prices quoted at wholesale, to cover freight, handling, delivering, etc. Discounts on quantities vary on different lines, according to the kind of prices adopted by the respective publishers.**

For subject classification (and for collective references to classic authors entered here under separate editors), see the second part of the Catalogue, following this main alphabet.

## Second-Hand School-Books.

Our business is retail only, in fact we sell more school-books in that way than any other store in America. In buying large lots from publishers and large schools we are compelled to include books we are over-stocked with or that are not used in our immediate vicinity. Below will be found a list of such books we are willing to dispose of at the low price affixed, if the quantity ordered is satisfactory to us. They range from 65% to 90% off wholesale price-list.

### OUR TERMS.

As we said before, our business is retail only and strictly cash, but we are willing for convenience to charge the bill payable in 30 days if Philadelphia reference is given. We must insist on this reference being given if you wish us to send the books. Please remember this. You may be well known to others but not to us.

## LEARY'S OLD BOOK-STORE,

No. 9 SOUTH 9th ST. (First store below Market St.), PHILADELPHIA.

# IMPORTANT REFERENCE-BOOKS

For the School Library.

"This might in justice be called the age of Cyclopædias, and good ones, too.

## CHAMBERS'S ENCYCLOPÆDIA

is among the oldest, and in many respects the best of its

class. Especially is it the best, if we take into consideration the number and scope of the subjects discussed. A serviceable Cyclopædia is a mean between a library of exhaustive treatises on a large number of subjects and a dictionary. In Chambers's we find this golden mean. It is a great advantage to have a Cyclopædia that has undergone many revisions. New Cyclopædias must of necessity be imperfect; the age of this gives it its value. *The busy man frequently wants something at hand to which he can turn at once*; for example, the custom of 'chalking the door' is referred to in conversation. In a minute, Chambers's gives the information; or Charles I. is discussed, and Chambers's gives in a condensed manner all the principal facts. No one disputes the accuracy of this work, and this is one of its greatest merits.

"Every school, containing pupils above the primary grade, should own some encyclopædia. We can hardly see how efficient instruction can be secured without it. We have had Chambers's on our editorial shelves for years, and, although others are near by, we hardly know how we could 'keep house' without it."—*School Journal*, New York.

Price, per set, in cloth binding, \$30.00; sheep, \$40.00; half morocco, \$45.00.

### LIPPINCOTT'S PRONOUNCING GAZETTEER OF THE WORLD.

Edition of 1893. Revised and Enlarged.

WITH LATEST CENSUS RETURNS.

A complete pronouncing Gazetteer or Geographical Dictionary of the world, containing notices of **over 125,000 places**, with recent and authentic information respecting the Countries, Islands, Rivers, Mountains, Cities, Towns, etc., in every portion of the globe.

Invaluable to the Student, Teacher, Editor, Lawyer, Library, and all who desire authentic information concerning their own and other countries.

Nearly 3000 pages, sheep, \$12.00; with patent index, 75 cents additional.

### LIPPINCOTT'S BIOGRAPHICAL DICTIONARY.

Contains Memoirs of the Eminent Persons of all Ages and Countries, and Accounts of the various Subjects of the Norse, Hindoo and Classic Mythologies, with the Pronunciation of their Names in the Different Languages in which they occur. By JOSEPH THOMAS, M.D., LL.D.

It is really a cyclopædia within itself, including every character that has strong claims to our notice, either from public notoriety or lasting celebrity, and from it may be gathered a knowledge of the lives of those who have made the world's history famous.

Large octavo, bound in sheep, \$12.00; bound in half russia, \$15.00.

## WORCESTER'S DICTIONARY

Is, in the truest sense, the STANDARD DICTIONARY OF THE ENGLISH LANGUAGE, and it is so accepted by the great body of literary men. The truth of this statement may be readily ascertained by an inspection of our literary productions, particularly in regard to the spelling of certain words wherein dictionaries differ. It will be found that *in at least three-fourths of the standard works of the language and in most of the leading periodicals* the orthography is according to Worcester. In fact, the great literary interests of this country and of England are now substantially united in the use of the word-forms given in Worcester's Dictionary.

Worcester's Dictionaries have been largely used in the **common schools** since their publication. Every year brings an extended field and an increased sale. They have been recommended by State Superintendents of Education and adopted by State Boards. All the leading cities of the country have authorized their use, among which are Boston, New York, Philadelphia, Brooklyn, Chicago, Washington, St. Louis, Cambridge, Worcester, etc.

For special terms to schools and colleges address the publishers,

## SOME IMPORTANT NEW VOLUMES

WILL SOON BE ADDED TO THE

# International Education Series,

THAT IS NOW SO WIDELY AND FAVORABLY  
KNOWN TO THE EDUCATIONAL WORLD.

**THE INTERNATIONAL EDUCATION SERIES.** It is recognized as the standard pedagogical library, comprising the results of the ripest experience, and the most careful studies of leading educational authorities of the past as well as of the present.

The inexperienced teacher needs it for preparation.

The experienced teacher needs it for reference.

The demands of the times require the high standard that it enables the teacher to reach. The weaklings that loiter in the path of progress must go to the wall.

Only the laborer that prepares faithfully for so important a work as the education of youth is worthy of his hire.

An arrangement is now in force by which the **INTERNATIONAL EDUCATION SERIES**, twenty-three volumes, is delivered to any responsible teacher on a small payment, the balance to be paid monthly.

Including Periodicals, American and English, Essays, Book-Chapters, Etc., Special Bibliographies and Necrology of Authors. Edited by W. I. FLETCHER and R. R. BOWKER, with the co-operation of members of the American Library Association and of the *Library Journal* staff.

THE ANNUAL LITERARY INDEX for 1892 is a new enterprise, complementing the "Annual American Catalogue" of books published in 1892 by indexing (1) articles in periodicals published in 1892; (2) essays and book-chapters in composite books of 1892; (3) authors of periodical articles and essays; (4) special bibliographies of 1892; (5) authors deceased in 1892. The two volumes together make a complete record of the literary product of the year.

THE ANNUAL LITERARY INDEX for 1892 forms the first supplement both to the new five-yearly volume (1887-1891) of Poole's Index to Periodical Literature and to the new A. L. A. Index to essays and book-chapters of Mr. Fletcher.
